

## CONSULATE GENERAL OF BRAZIL

Miami, June 9, 2009

To Whom It May Concern

We are writing this letter to provide our assessment of the artistic career of Ms. Lilian Viana, a very popular Brazilian singer currently residing in the U.S.

After a successful career in Brazil as a singer and an actress, in 1991 Ms. Viana moved to the United States and in a very short time became a household name in the Brazilian Community of South Florida. She has been promoting the Brazilian music through her appearances all over the country; including Miami, Fort Lauderdale, Orlando, and New York City, and international performances as well.

Sincerely,

A handwritten signature in black ink, appearing to read "Paulo Amado", with a long horizontal flourish extending to the right.
